THE BEST METHOD FOR THE
ABOLITION
OF DISEASE, IS TO CLEANSE AND PURIFY THE BODY.
WRIGHT'S INDIAN VEGETABLE PILLS,
Of the North American College of Health.
Are now acknowledged to be the best medicine in the world for the cure of
EVERY VARIETY OF DISEASES
because they thoroughly cleanse the stomach; bowels and the bilious humors which not only pyze and weaken the digestive organs, but are the cause of headache, nausea and sickness; palpitation of the heart, rheumatic pain in various parts of the body, and many other unpleasant complaints.

THE INDIAN VEGETABLE PILLS, are also a certain cure for intermittent, remittent, nervous, inflammatory and putrid fevers; because they cleanse the body of those morbid humors, which when confined to the circulation are the cause of all kinds of FEVERS.

So also, when morbid forces are deposited upon the membranes and muscles, causing those pains, inflammations and swellings, called
RHEUMATISM, GOUT &c., the Indian Vegetable Pills may be relied on as always certain to give relief, and if persevered with, will most assuredly and without fail, make a perfect cure of the above painful maladies. From three to six of said Indian Vegetable Pills taken every night on going to bed will in a short time so completely rid the body of every thing that is opposed to health, that Rheumatism, Gout and pain of every description will be literally
DRIVEN FROM THE BODY.

From the same reason, when from sudden changes of atmosphere or any other cause, the perspiration is checked, and those humors which should pass off by the skin are thrown inwardly causing
HEADACHE, GIDDINESS, nausea and sickness, pain in the bowels, watery and inflamed eyes, sore throat, hoarseness, coughs, consumptions, rheumatic pains in various parts of the body and many other symptoms of
CATCHING COLD, the Indian Vegetable Pills will invariably give immediate relief. From three to six of said Pills taken every night on going to bed, will in a short time, not only remove the above unpleasant symptoms, but the body will be restored to even sounder health than before.

The same may be said of
ASTHMA, OR DIFFICULTY OF BREATHING. The Indian Vegetable Pills will loosen and carry off by the stomach and bowels those phlegmy humors which stop up the air cells of the lungs, and are the cause not only of the above distressing complaint, but which, when neglected, often terminates in a still more dreadful malady called
CONSUMPTION.

It should also be remembered that the Indian Vegetable Pills are a certain cure for
PAIN IN THE SIDE, oppression, nausea and sickness, loss of appetite, costiveness, a yellow tinge to the skin and eyes, and every other symptom of a torpid or diseased state of the liver; because they purge from the body those impurities which if deposited upon this important organ, are the cause of every variety of
LIVER COMPLAINT.

CAUTION.
The public will please observe that the genuine medicine has the following wording on the sides of the boxes:

WRIGHT'S INDIAN VEGETABLE PILLS
(Indian Purgative).
OF THE NORTH AMERICAN COLLEGE OF HEALTH.
And also around the border of the label, will be found in small type: "Entered according to the act of Congress in the year 1840, by Wm. Wright, in the Clerk's office, of the District Court of the Eastern District of Pennsylvania."

It will further be observed that the printed directions for using the medicine, which accompanies each box, are also entered according to Act of Congress; and the same form will be found at the bottom of the first page.

The slightest attention to the above few particulars will serve to protect the purchaser from fraud, and save the lives of those who may otherwise be endangered by using a counterfeit medicine.

The public will so remember that all who sell the genuine Indian Vegetable Pills are provided with a certificate of Agency, signed by
WILLIAM WRIGHT, Vice President
of the North American College of Health,
and that peddlars are never in any case allowed to sell the genuine Medicine. All travelling agents will be provided with a certificate of agency as above described; and those who cannot show one will be known as base imitators.

AGENTS relative to the Pills must be addressed thus:
"N. E. OFFICE N. A. COLLEGE OF HEALTH,

AGENTS have been appointed for the sale of the Pills in every town in New England.

The most highly approved Medicine now in general use for Coughs, Colds, and all Diseases of the Lungs.

THE VEGETABLE PULMONARY BALSAM is believed to be the most popular Medicine ever known in America, for coughs, colds, asthma or phthisis, consumption, whooping cough and pulmonary affections of every kind.

The Vegetable Pulmonary Balsam has been very extensively used for about fifteen years; and its reputation has been constantly increasing. So universally popular has this article become that it may now be considered as a standard article in a large part of the United States and British Provinces. Many families keep it constantly by them, considering it the most safe as well as certain remedy for the above complaints.

The proprietors have received & are receiving numerous recommendations from many of our best physicians who make use of it in their practice. The names of a few individuals who have given their testimony in favor of this article are here subjoined, and for a more full account see the envelope to the bottle.

Doct. Amos Huntington; Doct. Samuel Morrill, Doct. Truman Abell; Timothy Baylies, Doct. Jere. Ellisworth; " Albert Guild.

Certificates.
(From Dr. Thomas Brown.)
Messrs. Lowe & Reed, Gent.—The Vegetable Pulmonary Balsam has been extensively used in the section of country where I reside, for several years past, and has justly acquired a high reputation in consumptive complaints. So far as my knowledge extends, it has never disappointed the reasonable expectation of those who have used it.

THOMAS BROWN, M. D.
Concord, N. H., May 11, 1851.

Messrs. Reed, Wing & Cutler—Gentlemen—
I feel it a duty I owe to the public, and especially to hundreds of my fellow beings who are now suffering under different diseases of the lungs, to give you a statement of the good effects I have experienced from the use of the Vegetable Pulmonary Balsam. Having from my youth up been troubled with different complaints of the lungs, such as spitting of blood, a troublesome cough, frequent hoarseness, with severe fits of coughing, and indeed all the symptoms of consumption and from time to time I have consulted several eminent physicians, and have taken much medicine, but it has done me little or no relief, and at last they told me there was no help for me.

My case was beyond the reach of their medicine. In the spring of 1827 I was advised by a friend to try the Vegetable Pulmonary Balsam. I obtained two bottles, and on trial I was surprised to find so undemanding effectual relief which I gave me, and after using about five weeks, all my complaints were entirely removed, and I was restored to my usual health. Since that time I have kept it constantly by me, in case of the appearance of any of the above complaints.

I have known a large number of cases where all other medicines have failed of affording any relief, the Balsam has at length resorted to, and speedily effected a cure. I would therefore recommend to every person who has any of the above complaints, on their first appearance to take the Vegetable Pulmonary Balsam, which they will find a safe, convenient and positive cure.

Respectfully yours,
T. P. MERRIAM.
New Bedford, Mass., July 30, 1841.

COUNTERFEITS. Beware of imposition. Each genuine bottle is enclosed in a BLUE WRAPPER on which is a YELLOW label, signed by Wm. JONN. CUTLER. None other can be genuine of a later date than December 1839. The signature of SAMUEL REED will be continued for a short time.

The great celebrity of the Vegetable Pulmonary Balsam has caused the cause of attempts to introduce spurious articles, which by partially assuming the name of the genuine, are calculated to mislead and deceive the public. Among these mixtures are "Carter's Compound Pulmonary Balsam," "American Pulmonary Balsam," "Vegetable Pulmonary Balsam," "Syrup," "Pulmonary Balsam," and others. Purchasers should enquire for the true article by the name of "WRIGHT'S INDIAN VEGETABLE PULMONARY BALSAM," and see that it has the marks and signatures of the genuine.

Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

For sale by REED, WING & CUTLER, (late Lowe and Reed) wholesale dealers in Drugs, Medicines, Paints and Dry-stuffs, No. 54, Chatham street, Boston, and by Druggists and country merchants generally in New England, and in the principal places throughout the United States and British Provinces. Price 50 cents. Sold by S. MOODY.

The Lion of the Day.
THE OLD DUTCH OR GERMAN VEGETABLE PILLS.
For sale by S. Moody, Middlebury, Vt.

To the Citizens of the United States and the Canada is respectfully submitted this Directory to the means for regaining that which has been partially, and in some instances, totally lost.

What blessing should be prized above that of health, and who knows better how to prize the blessing, than those who have been deprived of it? It is as old as age, (and one that contains a wise injunction,) "in time of peace, prepare for war." We should in time of health prepare for the attacks of that stealthy lurking foe, Disease. It would be wisdom to observe his movements, to scan well the form in which he approaches, and then to meet him with those means which are calculated to effect his overthrow.

Those means are now before this enlightened and intelligent community. They are accessible to the poor as well as the rich, and trust that those who regard the Constitution of man as one of the finest specimens of Divine workmanship, and the Laws by which that System is governed and directed, as originating in no other than in the councils of Heaven, will so far obey the injunctions of the latter as to provide the best safeguard for the former.

It is with the most flattering recommendations, subscribed by most eminent Medical Gentlemen not only in this Country but also in Europe: that I offer this valuable Medicine to this American People.

Time and full opportunity to effect a fair and impartial trial have placed the Lion of the Day before the brand of Imposition, Humbug, Quackery, &c.

This Pill is composed of extracts from nine parts of the vegetable kingdom, (being entirely free from any drug of a deleterious nature,) and adapted particularly to the cleansing of the Stomach, Blood, and the secretions of the Human System, of Bilious Fevers, and Cholera, Fever and Ague, Jaundice, Scarlet Rash, Diarrhea, Heartburn, Costiveness, Asthma, and Liver Complaint have been cured, by using these Pills accordingly to the directions accompanying each box.

It is not intended that this Medicine is a cure for all Diseases to which the human system is liable. Many efforts have been made to compound a Medicine which would cure all Diseases, but have failed. Those Diseases enumerated above, are within the power of these Pills and a sure cure or relief is warranted.

The Counterfeiter's Death Blow.
BRANDRETH PILLS
THE public will please observe that no genuine unless the box has three labels upon it each containing a fac simile signature of my handwriting, thus—B. Brandreth. These labels are engraved on steel, beautifully designed, and done at an expense of several thousand dollars.

Remember the top, the side, and the bottom.
At the present time, when the counterfeiter's of these celebrated Pills are completely cornered, it is not surprising to find that they endeavor to get off their stock of spurious Pills under any name. It is not the first time that the "Poor Indian" has had to father the abortions of cunning men.

The remarkable cures which have been effected by Brandreth's Pills, have astonished the whole medical faculty, many of whom have considered that they are the greatest blessing ever given to the world.

The reason these celebrated Pills have such a universally good effect, is because their action harmonizes with the human body.

"Purge out the old leaven, that ye may become a new lump," is the language of Holy Writ, a figure applied spiritually, it is true, but how could it be any application unless CONFIRMED BY PRACTICAL EXPERIENCE, in the body of matter? The foundation upon which this figure of scripture rests is as immovable as the laws which govern the tides, or occasions the thunders of Heaven.

"THE CONDITION."
The condition upon which God has given health to man is a constant care to keep his stomach and bowels free from all morbid and unhealthy accumulations. The means to effect this must be those remedies which cleanse the bowels and purify the blood.

Good healthful medicine is only a species of food; when the animals, whose habits we have the means of observing, are sick, they wander through the fields, and make selections of those herbs which open their bowels and purify their fluids, which immediately restore their health.

When a dose of Brandreth's Pills are taken, they are digested and pass to every part of the system; but they leave the body when they have effected the intended purpose, and health and vigor are by them insured.

Mineral medicines may enter the system, but they are with difficulty got out again; and they always occasion pain and misery while they remain in the body.

Whereas Brandreth's Pills are as innocent as a piece of bread, and are evacuated with the disease for which they are taken.

From the time we are born to the time we cease to breathe, our bodies are constantly wasting, and as constantly being renewed. The action of the atmosphere wears or wastes them. The food we eat, the digestive organs convert into blood, which renews or builds up by its circulating power. Thus the human body is healthy when the blood circulates freely, and when any thing prevents its free course through the veins, disease commences.

Costiveness, Diarrhea, Fevers, Inflammations, are all owing to this, and all the troubles attending them could always be prevented by the timely use of Brandreth's Pills, as their very action at once tends to clear the circulation of all impediment, and remove every cause or occasion of impurity from the blood. There are thousands—nay millions—at this moment, in this country, and all others, whom we may really consider as half dead. They may be said to carry their death in their bowels and circulation. This is no imaginary circumstance. I wish it were. Thousands whom we meet every where with cadaverous looks, yellow skins and green eyes, speak in a language not to be mistaken, of the state of their stomach and bowels, and the consequent condition of the blood. The blood is so thin, while in life, reduced to the consequent condition of a corpse; and the reason why some bodies are so soon in a putrid condition after death, is more from the quantity of impure humors contained in them at the time they expired, than from any other cause. And who is there that will not allow, that if Brandreth's Pills had been employed, to clear out these impure humors, that life might not have been saved?

Whoever will give this subject but very little consideration, will at once perceive the perfect identity between the putrid humors of the body before death, and the humors which occasion the peculiar fetor of a dead body.
